Objective

I am a new, ambitious Full-Stack Developer looking to help create innovative and boundary-breaking ways to develop the web. Creativity + Coding = Excellence.

Education

UNIVERSITY OF KANSAS 2018 FULL-STACK WEB DEVELOPMENT BOOTCAMP

This six-month program taught both basic and advanced full-stack development skills (noted above). Weekly homework assignments provided constant learning opportunities and group project work simulated team work in a professional environment.

WICHITA STATE UNIVERSITY | BFA MUSICAL THEATRE | DECEMBER 2015

GPA 3.3. Double minor in Marketing and Sales. Transferable skills include public speaking, marketing and sales experience, creative and critical thinking skills, adaptability, time management, organization, and DISC personality profiling tools.
